

Political Topics

In total 20 major political topics are coded. The topics are adapted from the [Comparative Agendas Projects \(CAP\)](#). The project gathers and codes information on the policy processes of governments from around the world. In particular, the [CAP codebook for the United States](#) is used as a reference to draw topics and create the dictionaries. The codebook is adapted by broadening the categories and removing terms specific for the US case.

1. Macroeconomics

Description: Multiple macroeconomics subtopics including unemployment, inflation, national spending, and other general observations relating to macroeconomics or macroeconomic policy.

Dictionary: banking regulation, bonds, budget process, budget projection, budget proposal, budget reduction, budget requests, budget resolution, commercial balance, corporate taxes, cost of living, credit availability, debt issues, deficit reduction, demographic changes, distribution of income, economic conditions, economic deficit, economic development, economic growth, economic impact, economic inequalities, economic inequality, economic needs, economic outlook, economic plans, economic policy, economic recovery, economic slowdown, economic stabilisation/stabilization, economies, economy, employment level, employment rate, federal debt, federal reserve, federal tax, fiscal policies, fiscal policy, fiscal year status, food prices, foreign businesses, GDP, gold reserve, gold supply, gross domestic product, import export, income tax, income taxes, industrial policy, industry, industry growth, industry revitalisation, industry revitalization, inflation, interest rate, labour market, local economies, local economy, macroeconomic policy, macroeconomics, macroeconomy, manufacturing, monetary policy, monetary policy, population trends, price control, price index, pricing, productivity, public debt, recession, revenue, rising costs, savings rate, skills, social impact, state of the economy, tax changes, tax code, tax issues, tax reform, taxation of income, taxes, trade balance, trust fund, unemployment level, unemployment rate, wages

2. Civil Rights, Minority Issues, and Civil Liberties

Description: Multiple civil rights subtopics and issues related to general civil rights policies.

Dictionary: access to information, ageism, bullying, civil liberties, civil rights, consumer privacy, data protection, data security, disabilities, disability, discrimination, equal employment, equal opportunity, equal pay, equal rights, equality, ethnic groups, ethnicity, fair housing, freedom of association, freedom of information, gender roles, group-based inequalities, homophobia, human rights, indigenous, indigenous rights, mentally ill, minorities, privacy, privacy of consumer, protests, racial crimes, racial groups, racial inequality, racial issues, racial questions, racialized, racism, religious freedom, right to access, right to health, salary inequalities, same sex marriage, segregation, sexism, sexual

orientation, sexuality, student protests, student unrest, transgender rights, voting rights, xenophobia

3. Health

Description: Multiple health care subtopics, health care agencies, and general health care.

Dictionary: access to health, addiction, affordable health, ageing population, AIDS, alcohol abuse, alcoholic beverage, alcoholism, Alzheimer's, autism, blood pressure, cancer, children health, cigarette, clinical trials, concussions, contraceptive, COVID, dental care, dental services, dentists, diabetes, disabilities, disabled, disease control, doctors, drug abuse, drug access, drug approval, drug coverage, drug regulation, drunk driving, elderly care, emergency facilities, epidemic, head injuries, health care/healthcare, health centres/centers, health condition, health costs, health education, health effects, health equipment, health funds, health indicators, health insurance, health insurance coverage, health issue, health market, health personnel, health policy, health procedures, health promotion, health regulation, health research, health safety, health services, health supplies, health system, health technology, health training, health-related issues, healthy, heroin, HIV, hospice, hospitals, immunisation/immunization, imported drugs, in-home care, infant mortality, insurance reimbursement, laboratories, malnutrition, medical devices, medical information, medical malpractice, medical research, medical school, medical supplies, medicine, mental health, mentally ill, nurses, nursing homes, nursing homes, obesity, opioid epidemic, pandemic, physician-assisted suicide, physicians, polio, prenatal care, prescription drug, preventive health, public health, recreational drugs, renal disease, right to health, school health, sexually transmitted diseases, sleep disorders, smoking risks, spectrum disorders, STD, supplements, tuberculosis, vaccination, vaccines, women's health

4. Agriculture

Description: Multiple agriculture subtopics, appropriations for agriculture agencies and related to agricultural policy.

Dictionary: agribusiness, agricultural aid, agricultural biotechnology, agricultural commodities, agricultural export, agricultural imports, agricultural policies, agricultural policy, agricultural price, agricultural product, agricultural products, agricultural quotas, agricultural research, agricultural subsidies, agricultural tariffs, agricultural trade, agriculture, animal diseases, aquaculture, artificial food, beef prices, berries, cattle, coffee, commercial fishing, commodities, commodity promotion, cooperative, cotton, country of origin, crop, crop infestation, crop loss, cropland, dairy producers, domesticated animals, drought, family operated farms, farm, farm banks, farm credit, farm debts, farmland, fertilisers, fertilizers, fish farming, fish trapping, fisheries, fishery, fishery conservation, fishery management, fishery resources, fishing, fishing licenses, fishing quotas, food additives, food advertising, food labelling/labeling, food marketing, food packaging, food safety, food shortage, food storage, food supplies, fruits, genetic engineering, genetically modified, grain storage, grapes,

harvest, insects, livestock, livestock disease, livestock marketing, meat processing, meat promotion, nutritional labelling/labeling, organic farming, organic labelling/labeling, peanut, pest management, pesticide, pests, plums, pork industry, poultry, predator control, rebuilding of fisheries, research animals, rural development, sanitary requirements, soy, soybean, supply chain, tomatoes, transportation of animals, value added, vegetables, wheat, wheat marketing

5. Labor and Employment

Description: Multiple subtopics in labor and employment, appropriations for labor agencies, and general labor policy.

Dictionary: collective bargaining, elderly workers, employee benefit, employee leave, employee organisation/organization, employees, employment programmes/programs, employment rates, fair labour, fair labor, family work, household work, job displacement, job market, job opportunities, job programmes/programs, job retraining, job security, job training, jobs, labour/labor disputes, labour/labor force, labour/labor law, labour/labor market, labour/labor programmes/programs, labour/labor rights, labour/labor supply, labour/laborunion, labour-/labor-management, layoffs, manpower, migrant worker, minimum wage, occupation, occupational diseases, overtime compensation, pension plans, public service, retirement, retrenchment, right to organise/organize, safety regulations, seasonal worker, skills training, social security, strike, unemployment, unemployment compensation, unfair labour/labor, union, work, work ethic, work place, work week, worker compensation, worker dispute, worker protection, worker safety, workers, workforce, working condition, working hours, youth employment, youth involvement, youth service

6. Education

Description: Multiple education subtopics, education appropriations, and general education policy.

Dictionary: academic, bilingual education, classes, colleges, curriculum, curriculum reform, disadvantaged students, education, education assistance, education association, education budget, education facilities, education methods, education needs, education programs/programmes, education quality, education research, education standards, education standard, education statistics, education technology, educational levels, elementary school, for-profit education, foreign students, free education, graduate, high education, high school/high-school, higher education, homeschooling/home-schooling, illiteracy, learning, learning disability, lifelong/life-long learning, literacy, military education, national education, occupational education, preschool/pre-school, primary school, primary education, professor, public library, public school, rural education, rural schools, safe schools, scholarship, school, schools, school districts, school lunch, school segregation, school shooting, school violence, science education, science fair, secondary education, standardised/standardized testing, student loans, student, students, teacher, teachers, teaching, teaching resources, technical school, universities, university, violence in schools, vocational education, vocational training

7. Environment and climate change

Description: Multiple environmental subtopics, appropriations for environmental agencies, and general environmental policy.

Dictionary: acid rain, air pollutants, air pollution, air quality, alternative fuels, asbestos, automobile emissions, biomass, biothermal, carbon emissions, carbon taxes, clean air, clean energy, climate adaptation, climate change, climate finance, CO2 emissions, coastal barrier, coastal zone, coral reef, drinking water, ecosystem, endangered species, energy conservation, energy efficiency, environment, environmental activism, environmental citizens, environmental conservation, environmental data, environmental education, environmental governance, environmental impact, environmental issues, environmental policy, environmental protection, environmental regulation, environmental research, environmental sustainability, environmental toxins, erosion, ethanol, fisheries protection, fishery conservation, forest ecosystems, forest protection, forests, garbage collection, geothermal, global warming, green finance, green growth, greenhouse emissions, hazardous materials, hazardous waste, hydrogen, incineration of waste, invasive species, laboratory animals, landfills, lead exposure, low-carbon, marine biotechnology, marine conservation, marine sanctuaries, national parks, nuclear waste, ocean dumping, oil spills, ozone, pesticides, plant emissions, plastic pollution, poaching, pollution, public lands, radiation, recycle, recycling, renewable, renewable energies, renewable energy, renewable technologies, resource conservation, reuse, river basins, sewage treatment, soil conservation, solar energy, solar power, solid waste, tidal power, topsoil conservation, toxic pollution, toxic substances, trash, treatment facility, waste disposal, waste management, waste sites, waste treatment, water pollution, water resources, water supply, watershed pollution, wetlands, wildlife conservation, wildlife protection, wind power

8. Energy

Description: Multiple energy subtopics, appropriations for energy agencies, and generally relating to energy policy.

Dictionary: alternative fuels, atomic energy, automotive, biomass, clean coal, coal burning, coal dust, coal exports, coal imports, coal mining, coal program/programme, coal reserves, crude oil, diesel, electric power, electricity, energy conservation, energy data, energy development, energy efficiency, energy goals, energy grid, energy materials, energy matrix, energy needs, energy performance, energy policy, energy prices, energy research, energy safety, energy security, energy shortages, energy shortage, energy storage, energy supply, energy technology, energy technologies, ethanol, foreign oil, fracking, gas pipeline, gasoline, gasoline price, geothermal, geothermal power, grid modernization, grid technology, home energy, hydroelectric, hydropower, hydrogen, hydrogen research, motor vehicle, natural gas, nuclear accidents, nuclear energy, nuclear plants, nuclear power, nuclear program, nuclear programme, nuclear reactors, nuclear regulation, nuclear safety, nuclear waste, oil, oil

drilling, oil exploration, oil imports, oil exports, oil prices, oil production, oil reserve, oil shortages, oil spills, oil supply, OPEC, petrol, petroleum, power grid, power plant, radioactive waste, renewable energy, renewable technologies, rural electricity, solar power, solar panel, solar panels, thermoelectric, tidal power, utilities, utility companies, wind power, wind farm, wind park, windmill, windmills, wind turbine, wind turbines, windpump, windpumps

9. Immigration

Description: Multiple immigration issues, including undocumented immigration, visa issues and refugees.

Dictionary: asylum, asylum seeker, brain drain, citizen, citizenship, deport, deportation, deportations, foreign national, foreign citizen, immigration, migrants, migration, naturalisation/naturalization, passport, refugee, seasonal workers, tourism, tourist, travel, travelling/traveling, travelling/traveling abroad, undocumented immigrants, undocumented migrants, visa, work visa, working abroad

10. Transportation

Description: Multiple transportation subtopics, transportation appropriations, and generally related to transportation policy.

Dictionary: air service, air traffic, airlines, airports, automobile, automobiles, aviation, boat safety, bridge maintenance, bridges, bus drivers, bus industry, bus system, buses, cargo liability, cargo ships, carpooling, cars, civil works, coast guard, commercial aircraft, commercial fishing vessel, commercial shipbuilding, crash testing, cruise ship safety, cruise ship, cruise ships, distracted driving, drone regulation, drunk driving, drunk-driving, federal infrastructure, freight, freight industry, ground transportation, high-speed train, high-speed transport, highway, highway construction, highway safety, interstate highways, mass transportation programs/programmes, metro systems, motor vehicle, motor vehicle safety, national infrastructure, navigation safety, parking, public transport, public transportation, public works, railroad, road maintenance, rural transportation, self-driving, self-driving car, ship yard, shipyard, shipyards, street car, subway, traffic issues, train, train station, transit, transport, transportation, transportation assistance, transportation infrastructure, transportation policy, transportation program/programme, transportation research, transportation safety, transportation system, truckers, trucking industry, trucks, vessel

11. Law, Crime, and Family Issues

Description: Multiple law, crime and family issue subtopics and generally related to law and crime.

Dictionary: abandoned children, adoption, arson, auto theft, bail guidelines, bail reform, battered women, bootlegging, border patrol, capital punishment, child abuse, child custody,

child pornography, child support, child welfare, civil code, civil disturbances, correction system, counterfeiting, court system, courts, crime rate, crime sentencing, crime waves, crimes, criminal activity, criminal code, criminal investigation, criminal justice, criminal liability, criminal offenders, criminal penalties, criminal records, criminal sentences, criminal system, criminalisation/criminalization, cyber-crimes, death penalty, delinquency, department of justice, detention, divorce, domestic violence, drug confiscation, drug control, drug crimes, drug trafficking, drug-related crime, elderly abuse, explosives, family law, family planning/family-planning programs/programmes, family services, foster care, gangster, gun control, gun violence, habeas corpus, human trafficking, illegal drugs, imprisonment, incarceration, internal investigations, jailing, judicial nominations, judicial sentencing, judiciary, jurisdiction, justice system, juvenile delinquency, kidnapping, law enforcement, law reform, laws, lawsuits, legal services, legal system, legalization of drugs, mass shootings, minimum sentencing, minimum sentence, missing children, money laundering, narcotics, neighbourhood crime, neighborhood crime, organized crime, parole, penal code, penal reform, police, police brutality, police militarisation/militarization, police misconduct, police reforms, prison overcrowding, prison violence, prisoner, prisons, probation systems, prosecution, public safety, racketeering, reduce crime, riots, school violence, secret service, sexual abuse, sexual exploitation, sexual violence, shootings, supreme court, teenage pregnancy, teenage suicide, terrorism, terrorist, terrorists, trafficking, violence, violence against children, violent crime, violent crimes, weapons control, weapons control, white collar, witness protection

12. Social Welfare

Description: Multiple social welfare subtopics, social welfare agencies, and observations generally relating to social welfare policy.

Dictionary: aid for the mentally ill, aid to physically disabled, aid to the disabled, cash aid program/programme, cash assistance, cash assistance programs, charity issues, childcare/child care, childcare/child care assistance, child nutrition, child welfare, community volunteer programmes/programs, consumer nutrition, cost of living, denied benefits, dependent care, disadvantaged children, economic opportunity, family leave, food assistance, food program/programme, food programs/programmes, food stamp, free health, homelessness, housing assistance, hunger problem, hunger relief, impoverished elderly, income inequality, independent living programs/programmes, low income/low-income, low income/low-income families, malnutrition, medical leave, needs of the elderly, non-profit governance issues, nutrition monitoring, parental leave, pension program/programme, pension programs/programmes, pension, pensions, pension fund, persons with chronic disabilities, poverty reduction, public assistance, public welfare, reduce poverty, rehabilitation assistance, retirement, retirement earnings, single mothers, single-income/single income, social contributions, social democracy, social programs/programmes, social security, social services, social welfare, state social services, the poor, training programs/programmes, unemployment benefits, universal basic income,

volunteer programs/programmes, volunteer service, welfare, welfare abuse, welfare benefits, welfare contributions, welfare dependency, welfare fraud, welfare reform, welfare system

13. Community Development and Housing Issues

Description: Multiple community development and housing subtopics, housing agency appropriations, and observations related to housing policy.

Dictionary: affordable housing, aid for the homeless, apartments, architecture, community development, condominium, expropriations, federal housing, home financing, home insulation, home insurance, home insure, home loan, home loan guaranty, home loans, home owner, home ownership, homeless, homeless families, homeowners, homeowners rights, house, house credit, house owners, house policy, house prices, house renovations, house repairs, housing, housing affordability, housing assistance, housing availability, housing credit, housing development, housing discrimination, housing facilities, housing financing, housing for the homeless, housing funds, housing industry, housing loan, housing market, housing programs/programmes, housing projects, housing refinancing, housing safety, housing sector, housing shortages, housing standards, housing supply, low-cost rental, low-income houses, low-income housing, mortgage, mortgages, mortgage foreclosures, mortgage insurance, mortgage market, mortgage programs, mortgage programmes, neighborhood/neighbourhood development, neighborhood/neighbourhood preservation, neighborhood/neighbourhood revitalization/revitalisation, nursing homes, primary residence, public housing, real estate, rent controls, residential, residential areas, residential insurance, rural housing, secondary mortgage, social housing, subsidised/subsidized housing, substandard housing, tenancy, tenant rights, tenants, urban areas, urban development, urban housing, urban policy, urban revitalisation/revitalization, urban sprawl, urbanisation/urbanization, welfare housing

14. Banking, Finance, and Domestic Commerce

Description: Multiple banking, finance and domestic commerce subtopics, appropriations for domestic commerce agencies, and issues generally related to domestic commerce.

Dictionary: access to capital, antitrust issues, bank insurance, bank loans, bank regulation, banking, banking deregulation, banking regulation, banking system, bankruptcy, check clearing, commerce, commercial bank, commercial bank, commodity futures, commodity markets, commodity trading, consumer affairs, consumer credit, consumer credit, consumer protection, consumer reporting reform, copyright infringement, copyright protection, copyrights, corporate accounting, corporate bonds, corporate mergers, corporate takeovers, credit availability, credit banks, credit card, credit extensions, credit protection, credit rating, credit ratings, credit records, credit unions, debt collection, deposit, disaster insurance, drought insurance, electronic payments, federal reserve, federal savings, federal securities, finance corporations, financial advisors, financial crimes, financial fraud, financial institutions, financial markets, financial protection, financial regulation, financial risk,

financial services, financial system, fiscal policy, flood insurance, foreign loans, fund transfers, hurricane protection, industry concentration, industry deregulation, insider trading, insurance, insurance companies, insurance fraud, insurance industry, insurance program/programme, insurance rates, intellectual property, interest rates, international banking, international money transfers, investment companies, investors, life insurance, loan associations, loans, market regulation, monetary policy, money market, money transfers, monopoly, mutual funds, national investment, national trade, oligopoly, patent protection, patents, payday lending, pension funds, predatory lending, price-fixing, product liability, protection standards, regulation of banks, regulation of exchanges, royalties, saving institutions, savings accounts, securities exchange, seed-money, small business, stock brokers, stock market, title loans, tourism industry, trade secrets, trading commission, unfair competition

15. Defense

Description: Multiple defense subtopics, defense appropriations and general defense policy.

Dictionary: air fleet, air force, armed forces, arms control, arms export, arms sanctions, army, army manpower, atomic weapons, biological weapons, border issues, chemical weapons, civil defense,/defence, civilian protection, classified information, collective defense/defence, combat readiness, commercial military, counter-terrorism, defence/defense, defence/defense contracts, defence/defense department, defence/defense expenditure, defence/defense needs, defence/defense policy, defence/defense spending, defence/defense systems, disarmament, electronic surveillance, espionage, foreign intelligence, Geneva convention, hostage, hostage-taking, intelligence activities, joint military exercise, marines, military, military academy, military academies, military activities, military aid, military aircraft, military alliance, military alliances, military assistance, military base, military bases, military capabilities, military contracts, military cooperation, military court, military equipment, military expenditure, military injuries, military installations, military intervention, military interventions, military operation, military operations, military personnel, military prisons, military radar, military readiness, military research, military settlement, military ships, military submarines, military supplies, military vehicles, military veterans, military weapons, missile defence/defense, missile deployment, national defence/defense, national guard, national intelligence, national security, NATO, nuclear forces, nuclear material, nuclear non-proliferation, nuclear program/programme, nuclear proliferation, nuclear testing, nuclear warfare, nuclear weapons, overseas military, peace-keeping, peacekeeping, prisoner-of-war/prisoner of war, prisoners of war/prisoners-of-war, POW , POWs , rebel forces, retired military, security advisor, sovereignty, terrorism, veterans programs, veterans programmes, war, war crimes, war prisoners, war veterans, warfare, warlords, weapons of mass destruction, weapons sale

16. Space, Science, Technology, and Communications

Description: Multiple space, science, technology and communication subtopics, appropriations for related agencies, and general space, science, technology and communications policy.

Dictionary: artificial intelligence, atmospheric, automation, broadband internet, broadcast licences/licenses, broadcasting, cell phones/cellphones, commercial space, communications infrastructure, communications research, computer development, computer hacking, computer software, computer viruses, computers, connectivity, cyberterrorism, data theft, digital surveillance, geological surveys, hacking of systems, high-definition, high-speed internet, industry cooperation, international communications, internet, internet governance, magnetic field, marine research, media industry, microchip, mobile communications, mobile network, moon, NASA, national science, network neutrality, newspaper, ocean research, oceanographic, oceanography, private satellites, public broadcasting, radio frequencies, regulation of radio, regulation of TV, research funding, rockets, satellite research, satellites, science, science cooperation, science programs/programmes, science research, scientific cooperation, scientific research, Silicon Valley, smartphone, social media, space agency, space exploration, space launch, space policy, space/space programmes, space science, space shuttle, space station, storm forecasting, superconductors, technological advancements, technological development, technological innovation, technology ban, technology research, technology transfer, telecommunications, telecommunication services, tornado forecasting, university research, weather forecasting, weather report, weather service

17. Foreign Trade

Description: Multiple trade subtopics, appropriations for trade agencies and general trade policy.

Dictionary: balance of payments, business exchange, commercial trade, country of origin, currency exchange, currency manipulation, currency transfer, dumping, duty waivers, economic competitiveness, exchange rate, exchange rates, export companies, export control, export financing, export promotion, export-import, exports, FDI, foreign acquisition, foreign bank, foreign competition, foreign direct investment, foreign exchange, foreign exchange value, foreign investment protection, foreign investments, foreign tariffs, foreign trade, free trade, GATT, General Agreement on Tariffs and Trade, import quotas, import regulation, import restriction, import restrictions, import tariff, imports, industry productivity, intellectual property, international competition, international competitiveness, international financial policy, international market, international monetary reform, international trade, investment corporation, job market, manufacturing industry, MFN, monetary control, Most Favored/Favoured Nation, multinational, multinational corporations, multinational trade, NAFTA, non-tariff barriers, outsourcing, overseas private investment, preferential trade, regulation of imports, steel import restrictions, steel trade, tariff charges, tax incentives, tax treaties, technological development, trade agencies, trade agreement, trade barriers, trade bill,

trade commission, trade competitiveness, trade deals, trade deficits, trade dispute, trade fairs, trade laws, trade negotiation, trade policy, trade reform, trade regulation, trade relations, trade structure, trade tariff, trade zones, trading status, world market, World Trade Organization, WTO, world trade

18. International Affairs and Foreign Aid

Description: Multiple international affairs subtopics, appropriations for international affairs agencies, and general international affairs policy.

Dictionary: Agency for International Development, aid agencies, bilateral treaties, citizens living abroad, civil conflict, Cold War, Council on International Economic Policy, crimes against humanity, debt problems, democracies outside, developing countries assistance, development bank, diplomacy, diplomatic, diplomatic immunity, diplomatic missions, economic relations, embassies, European development, European Union, Financial Action Task Force, financial assistance, food and agricultural organization, foreign affairs personnel, foreign aid, Foreign Assistance, Foreign Claims, foreign cooperation, foreign countries, foreign operations, foreign opinion, foreign policy, foreign relations, foreign service, G20, G7, genocide, human rights, human rights abuses, human rights agreements, human rights policy, human trafficking, illicit financial flows, IMF, immigration, Inter-American development bank, international affairs, international agreements, international assistance, International Claims, international convention, international cooperation, international court, international criminal court, ICC, international debt, international development, international disaster, international economic conditions, international economic development, international economic policies, international efforts, international energy, international financial, international financial institutions, international financial management, international games, International Health Agency, International Housing, international law, public international law, international labor/labour market, international labor/labour organization/organisation, ILO, international migration, International Monetary Fund, international money laundering, international organizations/organisations, intergovernmental organisation/organization, international persecution, international political changes, international political conditions, international response, international security, international tax issues, international terrorism, international treaty, liberal democracies, multilateral treaties, multilateralism, multinational corporations, national defense/defence, NGO, non-governmental organisations/organizations, OECD, Organisation/Organization for Economic Cooperation and Development, Panama Canal, Paris Economic Summit, passport fraud, Peace Corps, peace process, peace processes, peace treaties, peace-keeping/peacekeeping, political developments, political killings, promotion of economic development, public international organizations/organisations, refugee assistance, Summer Olympics, tax convention, tax havens, tax treaties, tax treaty, terrorism financing, terrorist attacks, third world, third world debt, transnational, travel restrictions, treaty negotiation, treaty of cooperation, treaty termination, UN report, UNESCO, United Nations, war crimes, withdrawal from treaty, worldwide religious persecution, World Bank, world economic situation, world population growth, worldwide, world trade

19. Government Operations

Description: Multiple combinations of government operations subtopics, government bills, government operations agencies, and general government operations policy.

Dictionary: administration, administrative capital, advisory committee, agency reports, bill of rights, branch nominations, bureaucracy, bureaucrat, bureaucratic, campaign activities, campaign ads, campaign finance, campaign fund, campaign funds, campaign reform, campaign regulation, Census Bureau, Census data, civil service, commemorative coins, Congress, Congress organization, congressional committees, congressional investigations, congressional medals, congressional operations, congressional pay, congressional wages, corporation lobbying, economic development, elections, elections hacking, executive branch, executive office, executive personnel, executive privilege, federal agency, federal budget, federal buildings, federal consulting, Federal Contract, federal contractors, federal election, Federal Elections, federal employee, Federal facilities, federal government, federal grants, federal holidays, federal information, federal level, federal payments, federal property, federal regulations, federal statistics, federal worker, government, government agencies, government agency, government appropriations, government assets, government audit, government branches, government budget, government buildings, government bureaucracy, government check, government commissions, government contract, government corporations, government division, government efficiency, government employment, Government Ethics, government facilities, government finances, government function, government goals, government leases, government management, government office, government offices, government operations, government oversight, government personnel, government practices, government procurement, government property, government reform, government regulation, government reorganization/reorganisation, government restructuring, governmental relations, House members, House rules, House of Representatives, impeachment, intergovernmental relations, Internal Revenue Service, jury legislation, legislative, legislative branch, legislative oversight, legislative reorganization/reorganisation, legislative research, legislative veto, Library of Congress, lobbying, lobbying regulations, local governments, local regulations, members of parliament, ministry, municipal, national census, national holidays, nominations processes, parliament, parliamentary debates, policy, political advertising, political appointees, political campaign, political campaigns, political debates, Postal Service, presidential compensation, presidential election, presidential libraries, presidential power, presidential veto, Procurement Policy, public lands management, public programs/programmes, public sector, regulatory agencies, Senate, Senate hearings, senators, separation of powers, state funding, state governments, state level, supreme court, supreme court ruling, tax collection, tax returns, tax service, transfer of funds, veto issues, veto proposals, White House, Downing Street, Westminster, House of Commons

20. Public Lands and Water Management

Description: Multiple public lands subtopics, appropriations for public lands agencies, and general public lands policy.

Dictionary: animal protection, beach shores, bodies of water, clean water, coastal areas, conservation lands, dam construction, deep water, drinking water, federal land, fire prevention, flood control, forest health, Forest Management, forest protection, Forest Service, forests, Indian reservations, indigenous reserves, indigenous territories, irrigation projects, local land, marine pollution, mineral resources, national parks, Native American lands, native lands, native vegetation, natural resources, original people, protected lands, public lands, public lands, Public Lands, public parks, public water resources, publicly owned property, reservoir construction, river basins, river systems preservation policy, safety of dams, state land, water, water barriers, water development, Water Resources, water resources, Wilderness
